## FISCAL YEAR NEARS END ON STOCK EXCHANGE

REACTION IN STEEL LESS VIO-  
LENT THAN PREVIOUS PHE-  
NOMENAL RISE

## STRENGTH IN HARRIMAN LIST

MONEY MARKETS UNDISTURBED  
BY PREPARATIONS FOR  
LIQUIDATION

NEW YORK, June 30.—The last day of the fiscal year was nearly given over to the arrangements for the annual and semi-annual financial situation to the prejudice of active interest in the stock market.

The United States Steel executive committee was in session when the market closed yesterday and did some of the things predicted. The reaction in the stock was much less violent than the rise of yesterday and the general reactionary tendency was contested by support in other points of the list.

Harriman Pacific was influential examples. The advance in these stocks preceded the appearance of the statement of May net earnings, in which the expansion of operating cost proved to be a feature only second to the increase in gross earnings. Money markets are undisturbed by the half-yearly settlement preparation.

### METAL QUOTATIONS

NEW YORK, June 30.—The London tin market was lower with spot at \$131, 17s, 6d and futures \$133, 12s, 6d. The local market was dull and a shade lower with spot 29 to 29.25.

Copper was 2s, 6d higher in London, with spot \$59, and futures \$59, 17s, 6d. Locally dull and unchanged with Lake 13.25 to 13.62½; electrolytic 13 to 13.12½; and casting 12.75 to 13.

Lead unchanged at \$12, 17s, 6d in the London market. Locally 4.35 to 4.45. Spelter unchanged at \$22 in London, and 5.40 to 5.45 locally.

### GRAIN MARKETS

CHICAGO, June 30.—The wheat market rallied sharply from a weak opening and in the first half hour prices advanced 1-2 to 1 cent above the low point at the start, owing to bullish advice regarding the French crop. The heaviness of the opening was due to the poor response of the Liverpool market to the advance here yesterday. Sentiment in the pit veered considerably, but was inclined to favor a higher level, notwithstanding good harvesting weather. At the close prices were 1-8c higher to 1-8c lower.

July corn sold between 70-3-8 and 71-1-2. The market closed firm and unchanged to 1-2c higher, July being 71-1-4.

## THE STOCK MARKET

BOSTON, June 30.—The market has been somewhat more active and had it not been for the nearly approaching holidays, trading would have been brisk. No news of importance, and moves of the different specialties were due to speculative operations, but the underlying strength was plainly shown in the way stocks responded to support. Superior & Pittsburg was in good demand all day. We have no hesitation in advising purchase of this stock at or around its present level. The Ray issues were weak on scattered selling, but rallied on any buying. Quietness may be expected until after the holidays, at least; but advise confining all operations, however small, to the buying side.

## INVASION OF GIRLS FROM EL PASO TONIGHT

MILLER & NEARY ARE BRINGING  
A BUNCH OF HARVEY HOUSE  
PEOPLE TO CAFE

Globe seems to be in the throes of a waitress famine.  
At least Miller & Neary, managers of Miller's cafe, in the basement of the Trust building, have been compelled to import three feminine dispensers of Kansas City steaks and other nourishing edibles, from El Paso, to supply the steady demands of their customers. Transportation has been forwarded to the waitresses and they will arrive here this evening.  
The new restaurant has been handicapped in point of service by the inability of the proprietors to secure the necessary waitresses and with the arrival of the El Paso trio, entire satisfaction may be expected.

Among other features which have recently been installed at the new restaurant is a refrigerator of sufficient size to hold 1000 pounds of ice. This necessary adjunct to the popular Broad street eating house was delayed a few days in arriving, but it is now in use, affording facilities for the storage of all kinds of perishable articles.

A new broiler is on the way here and will be installed within the next few days. Armour & Co. have promised to deliver their choicest steaks promptly by fast freight and within a few days the new cafe will be running smoothly.

"While we have been unable to give our customers the best of service, owing to the difficulty in securing trained employees, we will not have to make any excuses after the next few days," said Tony Neary to the Silver Belt yesterday.

"Three waitresses, direct from the Harvey house at El Paso will arrive this evening and they can be depended upon to give first class service."

"So far our patronage has shown that we have the support of the best people in the city, and we will certainly make every effort to deserve that patronage."

### The Big Head

Is of two kinds—conceit and the big head that comes from a sick headache. Does your head ever feel like a gourd and your brain feel loose and sore? You can cure it in no time by acting on your liver with Ballard's Herbine. Isn't it worth trying for the absolute and certain relief you'll get? Sold by Palace Pharmacy.

MILLS BLOCK

## ELECTRICAL STORM DOES DAMAGE TO CITY

MANY FUSES BLOWN AND BUSINESS HOUSES TEMPORARILY  
IN DARKNESS

For three quarters of an hour, yesterday afternoon, Globe was in the throes of an electrical storm, which played havoc with the electric light and telephone service in the downtown district.

Owing to the extremely hot and dry weather which has prevailed for the past few days, the electrical display was unusually violent. Two heavy bolts struck near the business center of town, but no one received more than a slight shock.

One bolt struck near Sutherland and Mesquite streets, shattering a tree. Another landed near the electric light plant. A good portion of these discharges was taken up by the electric light wires. The recording meter at the power house was put out of commission and several main line fuses were blown, putting several business houses in darkness.

The telephone company suffered no serious damage, although a number of phones were thrown out of service temporarily, by the blowing of fuses. The thunder storm was accompanied by a heavy fall of rain, of short duration, a small quantity of hail and a high wind.

This, the first rain storm of the season, was a welcome visitor. The country is very dry, particularly on the ranges, and as other rains are very likely to follow in a few days, prospects are brighter along the lines of farming and cattle industries.

## THIS IS MY 49TH BIRTHDAY

### CHARLES MARCIL

Charles Marcil, speaker of the Dominion house of commons, was born at Ste. Scholastique, Quebec, July 1, 1860. When twenty years old he went to Montreal and entered into newspaper work. His first essay in the political field was in 1897, when he sought election to the provincial legislature and was defeated upon a recount by only eleven votes. At the general election in 1900 Mr. Marcil was a Liberal candidate for the house of commons and was elected by a good majority. Four years later he was re-elected by an increased majority. In 1905 he was elected deputy speaker of the house and on the assembling of parliament last winter he was elevated to the post of speaker.
